Eriskay Pony Society Annual Southern Breed Show is a Great Success

West Sussex was proud to host the Eriskay Pony Society's Annual Southern Breed Show on Saturday 7th August 2010. The show took place in Lavant, north of Chichester, courtesy of local farmer David Mortimer. Eriskay Pony breeders, owners and supporters gathered from far and near to support competitors and share news.

A proud moment for Belzars Nonie – Supreme Southern Champion 2010

A range of classes including dressage, show jumping and working hunter pony, as well as in hand and handy pony, demonstrated how versatile these native mountain and moorland ponies can be. This year's show organiser, Fran Chipperfield said: "It is heart-warming to see how much support there is out there for this fabulous rare breed of pony. There was a really happy atmosphere throughout the day and so many smiles from children and adults alike. It was a pleasure to be part of this memorable day."

Overall supreme champion this year was Belzar's Nonie, owned and bred by Mr Peter Furlonger and shown by M. Puttock and the Brannigan sisters. The reserve champion this year was Hawkesbury Meigi shown by Adrian Sole.

Supreme Champion 2010 Belzars Nonie, bred by Mr Peter Furlonger, shown by Misses M.Puttock and T.Brannigan

Provisional plans are in place for next year's Eriskay Pony Society Southern Breed Show to take place in Somerset. News, results and updates along with further information about this rare Scottish breed of pony can be found on the Eriskay Pony Society website www.eriskaypony.com

Crib-biting and wind-sucking Survey

The University of Liverpool Equine Hospital are conducting a survey on the health and management of horses that display crib-biting and wind-sucking behaviour and are looking for volunteers who would not mind completing a short (10-15 minute) postal questionnaire. The ultimate aim is to be able to provide horse owners with more information about how this form of behaviour may be prevented or its effects lessened.

If you would like to request a questionnaire or obtain more details about the study, please contact Dr. Debbie Archer BVMS PhD CertES DipECVS MRCVS & Miss Ebony Escalona BSc Hons BVSc MRCVS, University of Liverpool, by email (cribbing@liv.ac.uk), telephone (07961 809633) or visit <http://www.liv.ac.uk/equine/studiesandtrials/cribbing.htm>

Thumbs up for the AA!!

Sunday 22 August I was out hacking when I received a phone call on my mobile. It was the AA! Naturally I assumed they wanted to sell me something, but I am glad I gave the caller a chance to explain himself. He was in fact trying to locate one of their members who had broken down on their way to a horse event near Petersfield. He didn't have much information to locate their whereabouts and was searching the internet for help. He came across the Hampshire Horse newsletter and gave me a call. Luckily I was aware of the location, and even though I was out in the middle of nowhere I was able to direct him to the relevant web-site, where he could find the postcode.

I was so impressed with the AA's resourcefulness at directing their driver to the correct location, I just wanted to pass this on. I don't know if the person they were trying to rescue had horses with them, but, if they did, I am sure they were keen to be found quickly. If you think you may have been that person, or you think you may know them, please do let me know how the story ended. Would love to know

Thank you, *Sally*
